Payment Options and Conditions

- Parents may pay the applicable fee monthly or quarterly.
- Quarterly fee is equivalent to three months of the applicable monthly fee.
- A flat ₹100 discount is available on the quarterly fee when the full quarter's payment is made within the first two days of the month in which that quarter begins.
- The ₹100 quarterly advance-payment discount is not applicable to students receiving scholarships.
- Monthly payments do not qualify for the quarterly advance-payment discount.

Merit-Based Scholarship Policy

For New Admissions: Scholarships of up to 50% of the applicable school fee may be awarded to students demonstrating exceptional performance in the admission interview as well as excellent academic performance in their most recent examination. The scholarship percentage will be determined by the school management.

For Existing Students: Students who win the Annual Academic Award by scoring above 90% in the year-end examinations will be eligible for consideration for a merit-based scholarship of up to 40% of the applicable school fee for the next academic session. The scholarship amount will be determined by the school management.

Scholarship decisions are made by the school management based on the applicable merit criteria. The quarterly advance-payment discount does not apply to scholarship recipients.
